Proposal of e-Conference

DEPARTMENT OF CHEMISTRY

Organised

One Day National e-Conference

On

*Significance of Chemical Sciences in Prevention of COVID-
19 Pandemic (SCSPCP-2020)*

Dated 20.06.2020

To

Date: 29.05.2020

Principal

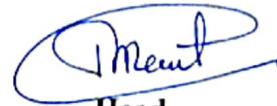

Smt. Radhabai Sarda College,
Anjangaon Surji, Dist. Amravati

Subject: To grant permission for the organization of one day e-Conference

Hon'ble Sir,

As you are aware about infections of corona virus is spreading day by day resulting into the pandemic situation for mankind. To aware the society about the Covid-19 disease, Faculty of Chemistry Department is willing to organize a one day e-Conference on *Significance of Chemical Sciences in Prevention of COVID-19 Pandemic* tentatively on 20th June 2020.

Kindly grant us the permission and technical support for the same.

Head

Department of Chemistry
Smt. R. S. College, Anjangaon Surji
Department of Chemistry
Smt. Radhabai Sarda Arts, Commerce
& Science College Anjangaon Surji

Organized
One Day National e-Conference on
Significance of Chemical Sciences in Prevention of COVID-19 Pandemic
(SCSPCP-2020)
Saturday, 20th June 2020

REPORT

Introduction

The COVID-19 pandemic has toppled the human life across the globe. Severe health issues have also been mushroomed. The chemistry community are making their contributions to the global fight against Corona Virus by doing research at home and if possible, in laboratories. Research and development have a critical role to play too, chemistry-based research institutions and companies are focusing their efforts on discovering more about the virus, developing sophisticated testing technologies and eventually waiting to create a vaccine. Over the next few weeks, we are going to recognise the role of chemical science community in the global response to COVID-19.

Findings:

The novel corona virus disease labeled by the World Health Organization as COVID-19 was first reported in Wuhan, China. As one of the game changers of the past decade, nanotechnology holds great promise in offering innovative solution to a wide range of problems regarding the prevention, diagnosis and treatment of COVID-19.

Nanoparticle based delivery system present new opportunities to overcome challenges associated with conventional drug therapies of viral infection. This is undoubtedly a promising tool for biomedical research and clinical use. The sol-gel nanotechnology developed a functionalized organic inorganic hybrid nanocoating based on silica nanoparticles. It is then coupled with a polymer matrix that is hydrophobic and disinfects the pathogenic virus associated with COVID-19 that come in contact with the surface of the mask. The treatment phase nanomedicine have been at the centre of many researchers attention , some of which are currently being studied in clinical trial and also extensive research is underway to develop a vaccine for COVID-19 based on different Nanomaterials .

Deliberations made by Experts and Resource Persons

1. Chief guest: Dr.P.R.Rajput, Principal SSSKR Innani College Karanja Lad

He emphasized on phytochemical study of medicinal plant. The phytochemical analysis of the plants is very important commercially and has great interest in pharmaceutical companies for the production of the new drugs for curing of various diseases. Medicinal plants have bioactive compounds which are used for curing of various human diseases and they have potential to cure covid-19.

2. Key note Speaker: Prof.Dr. Pundlik Bhagat, VIT University, Vellore Tamilnadu

In his Keynote address, Dr. Bhagat spoke on The Role of an Individual to Self Reliance, BVG Group in the development of modern India. COVID-19 pandemic affecting industries across the India. The coronavirus outbreak has started to hit India's pharmaceutical sector by rising the prices of key ingredients. .

3. Dr. P. G. Rohankar, Principal Jagdamba College, Achalpur

As the Chairperson of the Keynote Session, he guided that, the proper nutrition and hydration are vital. People who eat a well-balanced diet tend to be healthier with stronger immune systems and lower risk of COVID-19 and infectious diseases. So you should eat a variety of fresh and unprocessed foods every day to get the vitamins, minerals, dietary fibre, protein and antioxidants your body needs. Drink enough water.

4. Dr. Suresh Gaikwad, Prof. & Head Dept. of Chemistry Dr. BAMU, Aurangabad

Dr. Gaikwad spoke on The role of chemical sciences in prevention of COVID-19. Chemical science has a key role to play in understanding everything from viral structure to pathogenesis, isolation of vaccines and therapies, as well as in the development of materials and techniques used by basic researchers, virologists and clinicians.

5. Dr. D. T. Tayade, Dept. of Chemistry, Govt. V. I. S. H, Amravati

As the Chairperson of the First Plenary Session, he elaborated that the relation of Chemical Science and COVID-19 and Hydroxychloroquine is a cheap, relatively safe and potentially effective therapeutic option for COVID-19 respiratory tract infections.

6. Mrs. P.L.V.N.Saichandra, Assistant Professor, Dept of Chemical Engineering, Anurag University Hyderabad.

She spoke on Role of Nanotechnology in prevention of COVID-19 Pandemic. Nanotechnology and Nanomaterials can significantly address the many clinical and public healthcare challenges that have arisen from the coronavirus pandemic. Nanobased product are currently being developed for treatment of COVID-19.

7. Dr. Rajendra Prasad Dept of Chemistry, SGB Amravati University Amravati

As the Chairperson of the Second Plenary Session, he elaborated the nanomaterials have excellent potential in dealing with a range of different health problems, including viruses, which are considered to be a serious challenge in the medical field.

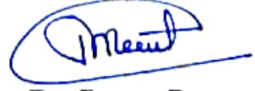

8. Dr. Jyotindra Bhatt Dept of Chemistry KSKV Kachchh University Bhuj, Gujrat.

The prevention and treatment are very important issues to control COVID-19. The regular and the proper care of the homes and hospitals are very important to control this calamity. The hand cleaning with soap and sanitizer, mouth and nose coverage with mask during sneezing and coughing are essential.

9. Dr. A. S. Aswar Prof. & Head, Dept of Chemistry SGBAU, Amravati

As the Chairman of the Valedictory function, he said that the contribution of Acharya Prafulla Chandra Ray. He was one of the great chemist in India. He was great researcher and entrepreneur and also father of Indian Chemistry.

on

***Significance of Chemical Sciences in Prevention
of COVID-19 Pandemic (SCSPCP-2020)***

Saturday, 20th June 2020

About the College

Smt Radhabai Sarda, a multi-faculty, grant-in-aid institution, offering UG, PG and PhD programmes, affiliated to Sant Gadge Baba Amravati University, Amravati was started by Shri Sarda Education Society with a vision to make higher education available to the underprivileged sections of society in the vicinity of Anjangaon Surji. It has three major streams- Arts, Commerce & Science with a distance mode centre of YCMO University, Nasik and HSC (Voc.). The competent, efficient, dedicated and well-qualified staff with the highest academic degree, a far-sighted visionary management and good infrastructure have contributed to making it an excellent centre of higher education. Keeping in mind the contemporary global and national context, the college strives continuously to make success a way of life not only in academics but also in extra-curricular activities. It has always been the prime focus of the college to provide students the best possible ambience for learning and personality development. Since its inception, the college has been instrumental in catering to a variety of educational interests and aspirations of the people of the area. Today, the college is recognised as one of the well-known centres of higher education in this rural area of Amravati district in Maharashtra.

The Department of Chemistry was established in 2006. At present, it has four enthusiastic faculties. All the four faculty members are PhD holders. The department has made a significant impact in various areas of research and teaching and continues to strive for excellence. The major areas of research are the nanotechnology for environmental remediation, synthesis of heterocyclic compounds, drugs discovery, water analysis and phytochemical analysis of plant

drugs. It has a rich research output with many books, research papers and audio-visual learning aids. Many students of the department pass out with good grades and distinctions every year.

Concept of e-Conference

The COVID-19 pandemic has toppled the human life across the globe. Severe health issues have also been mushroomed. The chemistry community are making their contributions to the global fight against Corona Virus by doing research at home and if possible, in laboratories. Research and development have a critical role to play too, chemistry-based research institutions and companies are focusing their efforts on discovering more about the virus, developing sophisticated testing technologies and eventually waiting to create a vaccine. Over the next few weeks, we are going to recognise the role of chemical science community in the global response to COVID-19.

With a view to discussing and elaborating on the above topic, our college organises a One Day National e-Conference on ***Significance of Chemical Sciences in Prevention of COVID-19 Pandemic***, aiming to bring an awareness in the society about infectious diseases in general and COVID-19 in particular which are potentially preventable with personal protection and general public health measures.

Joining Instructions for e-Conference

To join e-Conference, the
participants have
to download Zoom App.

Programme Schedule

Saturday, 20th June 2020

9 am to 10.00 am	:	Inaugural Session
10.00 am to 11.00 am	:	Key-Note Address
11.00 am to 12.00 noon	:	First Plenary Session
12.00 noon to 01.00 pm	:	Second Plenary Session
01.00 pm onwards	:	Valedictory Function

Registration

The participants can register **FREE OF COST**, selecting from the options provided in the registration forms. Certificates will be issued on the registered e-mails within a week only after filling the feedback forms.
